Dear Mark Mitchell,

we are pleased to inform you that after review of results from previous FMC Technologies Audits and supporting technical approval of your facility, FMC's Global Supplier Review Board has approved Specialist Coatings Ltd for the performance of the following Special Processes on FMC Technologies materials and products:

**Coatings / Surface Treatments**

This approval is valid for provision of the above named Special Processes to FMC Technologies and its suppliers **from March 2015 until March 2018** unless a major change of Processes, Process equipment, Procedures, Company ownership, Management and / or Facilities has taken place within your organization. If such major change occurs, please inform FMC Technologies immediately. Your Special Processes will then need to be re-evaluated by FMC Technologies for approval.
